

## REACH-SVHC-SCIP Declaration - 17-01-22 (last candidate list)

**H.T.P. High Tech Products S.R.L.**, declares, with regard to the fulfillment of the obligations provided for by the European Regulation 1907/2006 REACH, that as a downstream user of substances, mixtures and articles and manufacturer of articles not intended to release substances during foreseeable use, it is not subject to the obligations of pre-registration and registration of substances provided for manufacturers and importers of substances and articles intended to release substances during use.

**H.T.P. High Tech Products S.R.L.** has therefore worked to fulfill its obligations, namely:

- check with its suppliers whether the items supplied contain SVHC substances from the "candidate list" above the legal threshold (0.1%p/p).
- verify with its suppliers that all substances as such or present in mixtures subject to REACH have been registered or pre-registered by them (or by upstream subjects) according to REACH.
- verify that the substances used in the manufacture of its products are used under the conditions of use for those substances as such or contained in mixtures.
- in the event of non-compliance with one of the previous points by a supplier, find viable reach-compliant alternatives in order to ensure continuity of supply.
- on the basis of the information received, evaluate the possible presence of SVHC substances in the products supplied to the customer.

**H.T.P. High Tech Products S.R.L.** therefore guarantees continuity of supply with regard to the products purchased by you and all the products in its catalogue and declares that they comply with the REACH Regulation.

Based on the knowledge currently in our possession, the articles placed on the market contain in concentrations above 0.1% by weight and less than 3.5% by weight, the substance "Lead" identified with CAS: 7439-92-1 and EC: 231-100-4, included in the Candidate List of SVHC substances updated by ECHA periodically and available on the website <https://echa.europa.eu/candidate-list-table>.

For these products in accordance with art. 9 of Directive 2008/98/EC, as amended by Directive 2018/851/EU, the relative SCIP Number is shown below:

Primary Item Identifier	ITEM CODE	ITEM DESCRIPTION	SCIP NUMBER
NUT WITH CABLE / FIELD ATTACHABLE / TO PANEL	M8-NUT	M8 nut with cable / field attachable / to panel	c17c04bf-b5b0-4f64-811c-94b4b034b46a
	M12-NUT	M12 nut with cable / field attachable / to panel	
	M23-NUT	M23 nut with cable / to panel	
	7/8-NUT	7/8 nut with cable / field attachable / to panel	
DIN-NUT	DIN-NUT	Central Nut for Din bases	074469d2-b586-4fc7-8f66-9eca61129cbb
JUNCTION BOX NUTS	JB08-NUT	M8 Junction box nuts	8fc905e2-a80e-4662-8c3a-d5cd0a7ef3d5

The normal or reasonably foreseeable use of the item does not entail the intentional release of SVHC substance and therefore of particular caution. It is advisable not to subject the item to mechanical processes such as cutting or drilling that could cause exposure to the mentioned SVHC substance or its dispersion in the environment.

During the disposal phase of the item, in case of accumulation of lead in the treatment plants, the removal must take place in accordance with current environmental legislation. Any pulverulent and/or massive residues must not enter the sewer system.

If changes to this declaration are found in the future, we will inform you in accordance with Article 33 of the REACH Regulation.
